

The Sun Life Group Dental Insurance for New York State PEF Retirees

Smile brighter knowing that you're protecting your teeth with affordable dental care.

Dental insurance can help lower your out-of-pocket expenses so you and your family can maintain healthy smiles—and better overall health, too. Preventing dental problems with good routines at home and regular checkups at the dentist can make a huge difference in your overall health now and in the years to come. Even if you don't have any problems with your teeth and even if you wear dentures, a quick visit to your dentist at least once a year can help you protect a lot more than just your smile.

- Benefit from a dental plan that pays some or all of your dental expenses for covered services when you visit an in-network dentist after you satisfy your annual deductible—\$25 for you, \$50 for you and a dependent, or \$75 for your family.
- Benefit from a dental plan that does not count preventive services toward a \$1,500 calendar year maximum—leaving you with more coverage for more expensive procedures.
- Visit a dentist from Sun Life Dental Network^{®1} and you will have no out-of-pocket costs for covered preventive services once you have satisfied the annual deductible. Finding an in-network dentist is easy—simply visit www.sunlife.com/findadentist and choose from more than 14,000 unique providers in New Jersey and New York and more than 130,000 unique providers nationwide.

- Use an out-of-network dentist and benefit from the same covered services. You will need to satisfy your annual deductible, pay the difference between Sun Life's fee schedule and the dentist's fee for covered services, and possibly submit a claim form.
- Cover your spouse (or certified domestic partner) and your dependent children so you can help your whole family stay healthy.

Eligibility and enrollment

Here are a few things to consider once you are ready to sign up:

- You must be a current dues-paying member of the PEF Retirees at the time of your enrollment to be eligible for the New York State PEF Retirees Dental Program.
- Coverage for dependent children will end on the last day of the month in which they turn 19, or age 25 if a full-time student.
- If you apply within 120 days of a Qualified Status Change (e.g., you get married), you can change your coverage to PEF Retiree only, PEF Retiree and a dependent, or PEF Retiree and family.
- If you terminate your dental coverage, you will not be allowed to re-enroll in coverage at a later date. However, if you previously terminated your coverage and have a Qualified Status Change, you may re-enroll if you do so within 120 days of the date of your Qualified Status Change.
